## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/10/06 has been entered.

### ***Allowable Subject Matter***

2. Claims 3, and 5-36 are allowed.

### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest a network control system for transmitting data between devices by using a plurality of data transmission modes in a network in which at least two devices for handling at least one kind of data among video data, audio data, and information data are connected through one transmission line, wherein each of said at least two devices includes either or both of at least one target to receive a message and processing the message, and at least one controller to transmit the message and establish a connection for data transmission with the target; and the network controller system comprises the controller and the

Art Unit: 2611

target, and the controller and the target are each connected to one transmission line; the plurality of data transmission modes further comprises a first data transmission mode and a second data transmission mode; and the controller is operable to establish, before data transmission, a connection of the second data transmission mode to the target, and the controller further is operable to make a data request by using the first transmission mode and then using the second transmission mode for data transmission from the target under the control of the controller, which is also used for data receiving as cited in claims 3, and similarly in claims 5-9, and 19-36.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
